

EL PARKINSONISME INFANTIL

• Escola Pia Granollers •

2023

Sense la dopamina el nostre cos no funciona correctament

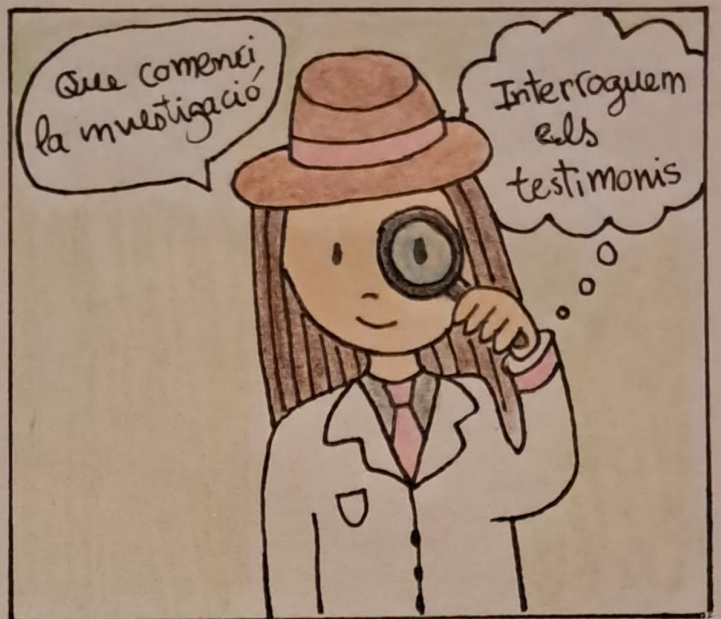

Tranquils,
nois!

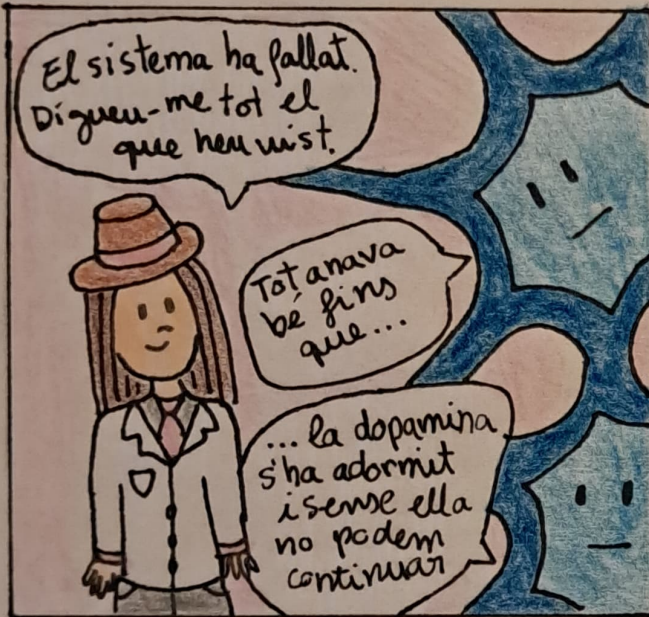

Jo soc la Carla
i us ajudaré
a descobrir
què ha passat

Dins del cervell...

Que comenci
la investigació

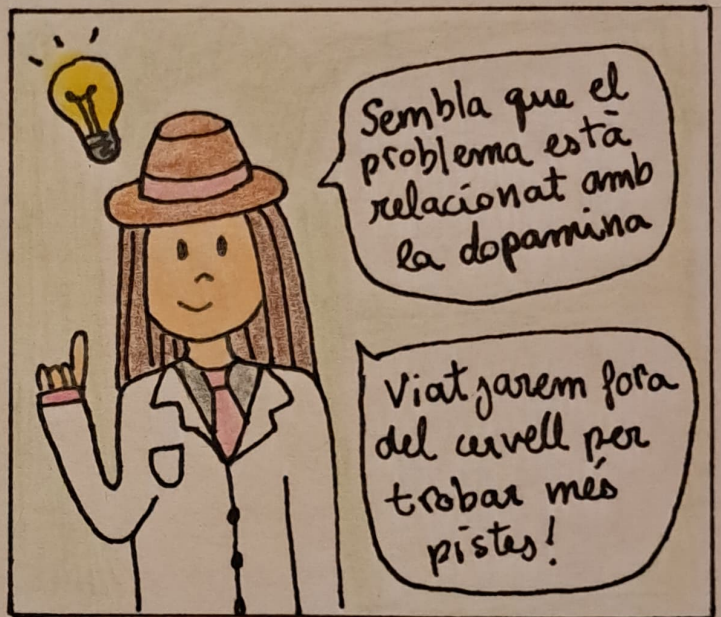

Interroguem
els
testimonis

El sistema ha fallat.
Digueu-me tot el
que heu vist.

Tot anava
bé fins
que...

... la dopamina
s'ha adormit
i sense ella
no podem
continuar

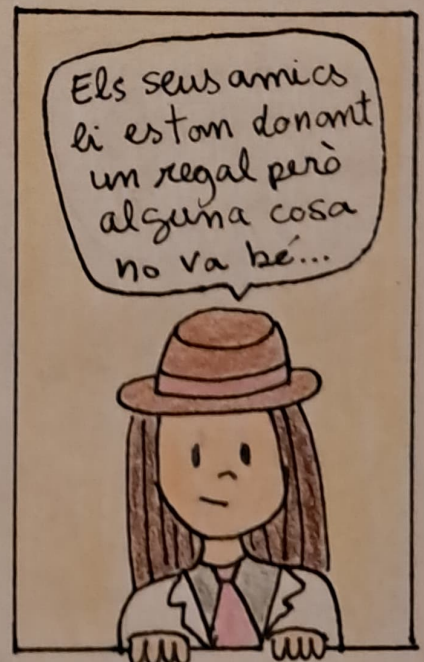

Sembla que el
problema està
relacionat amb
la dopamina

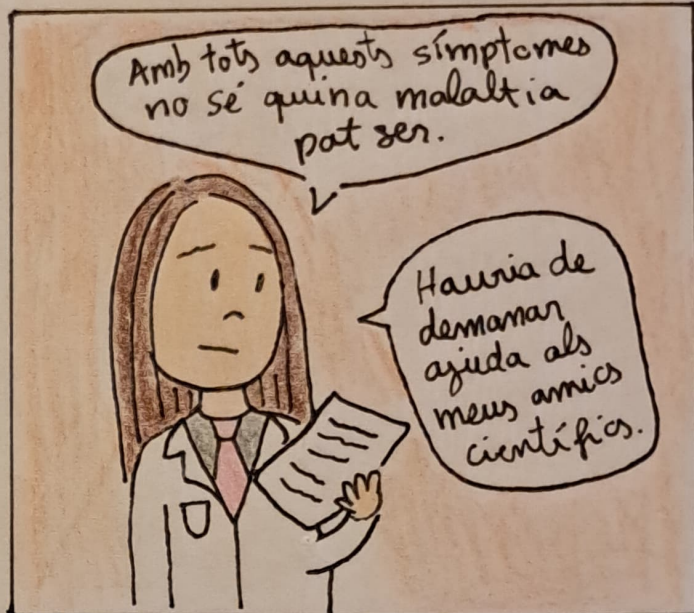

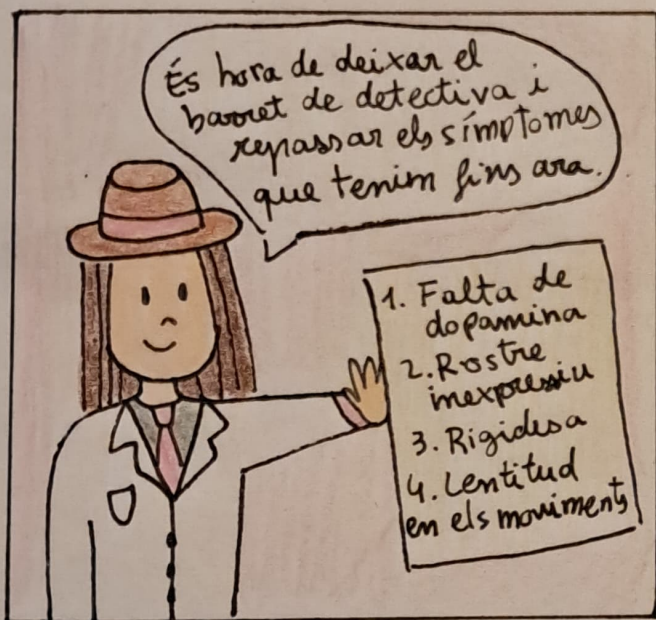

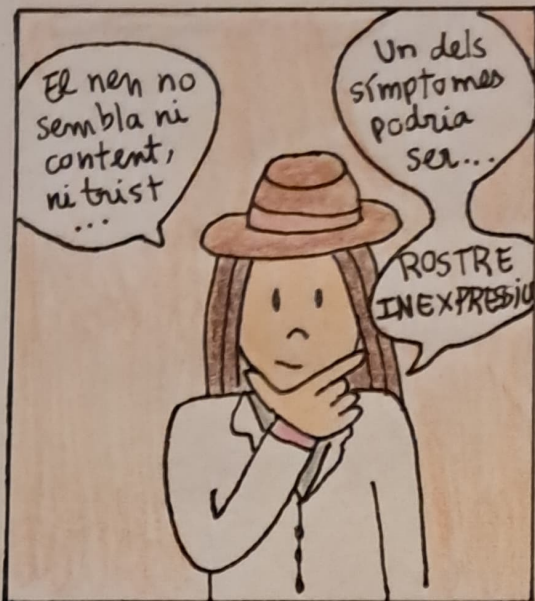

Viatjarem fora
del cervell per
trobar més
pistes!

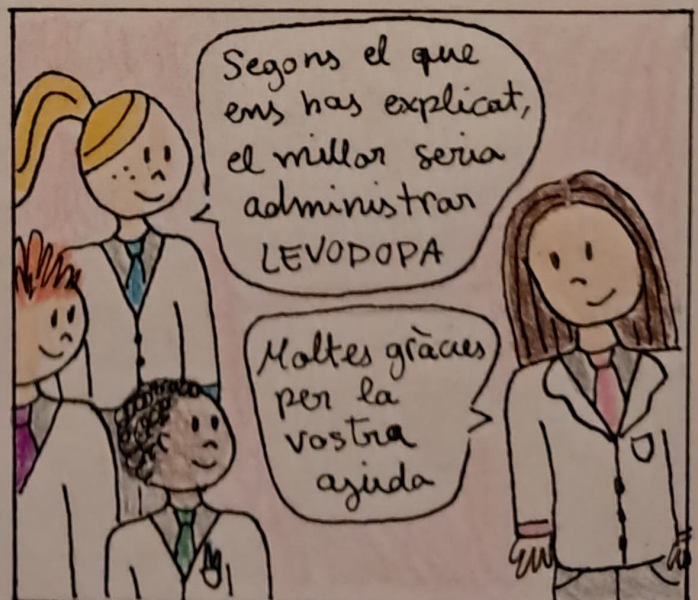

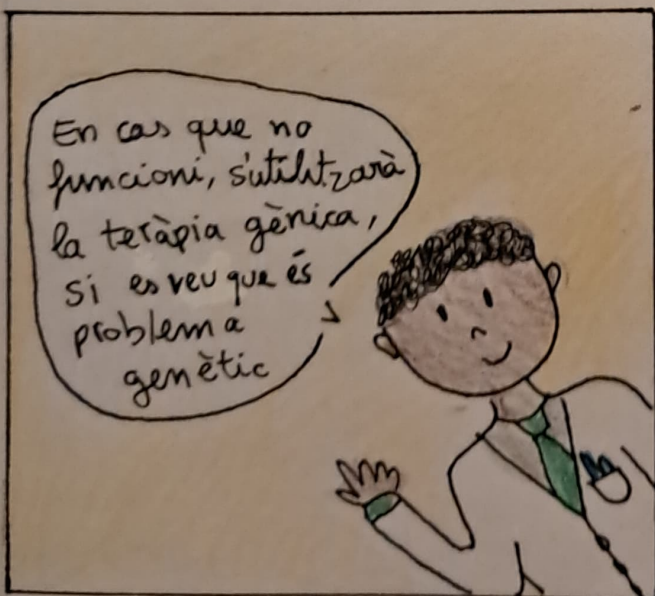

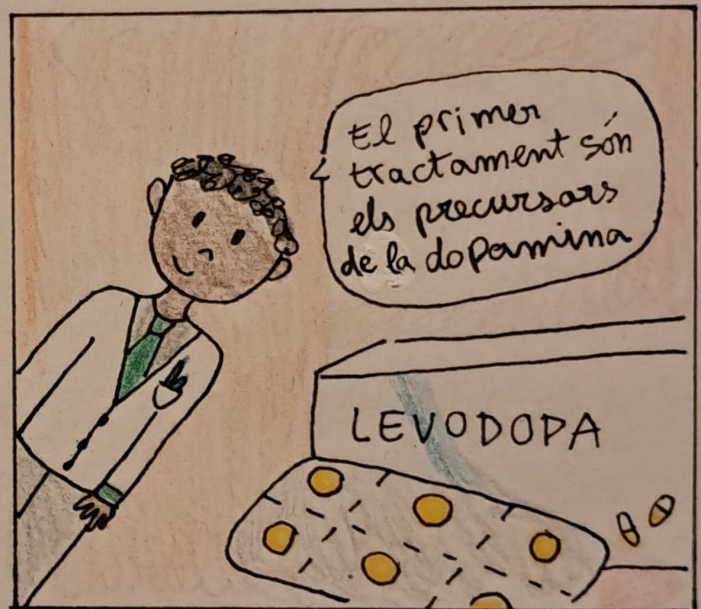

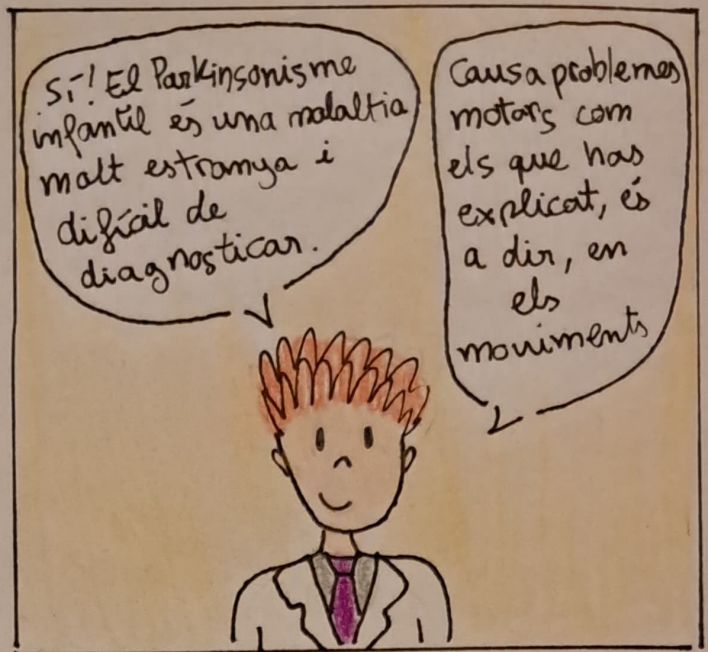

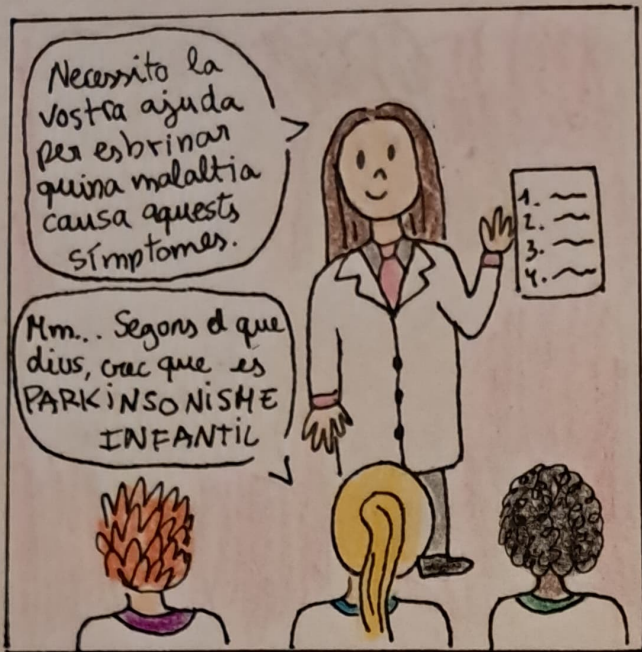

Ei! Soc jo,
estic aquí!

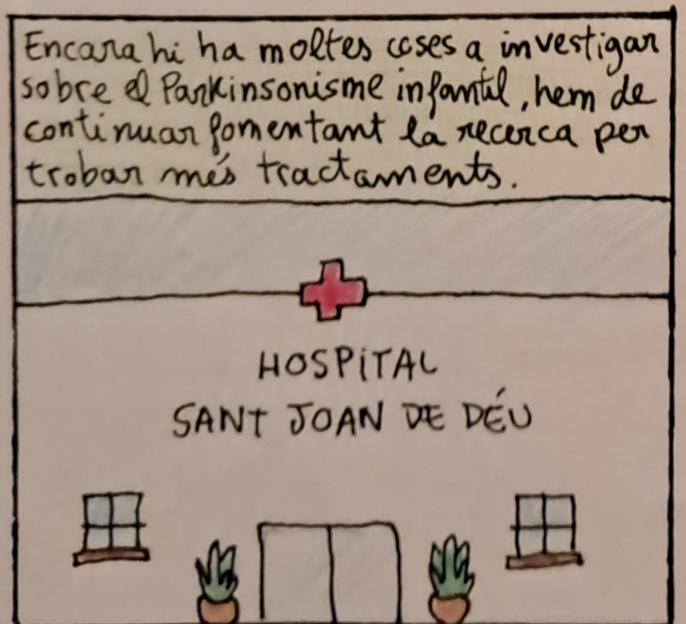

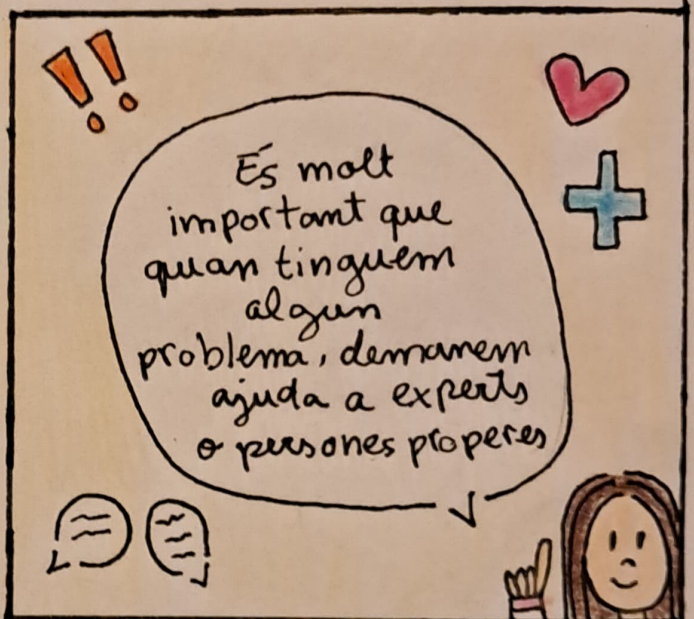

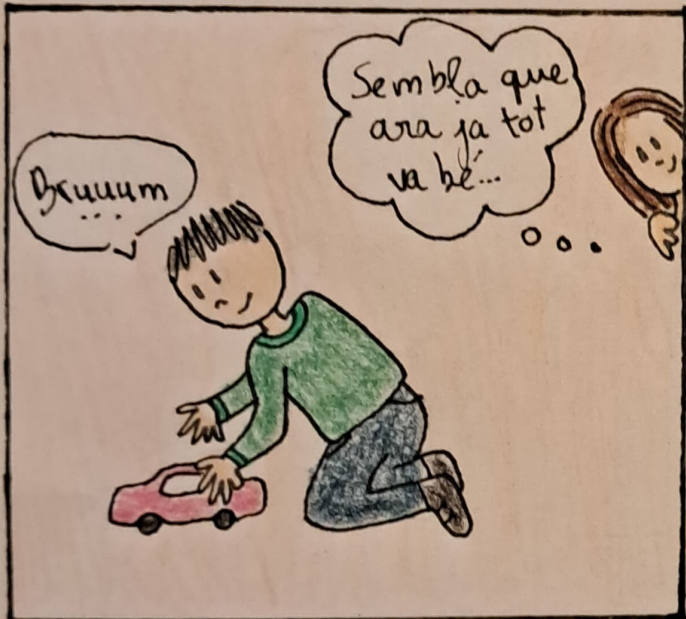

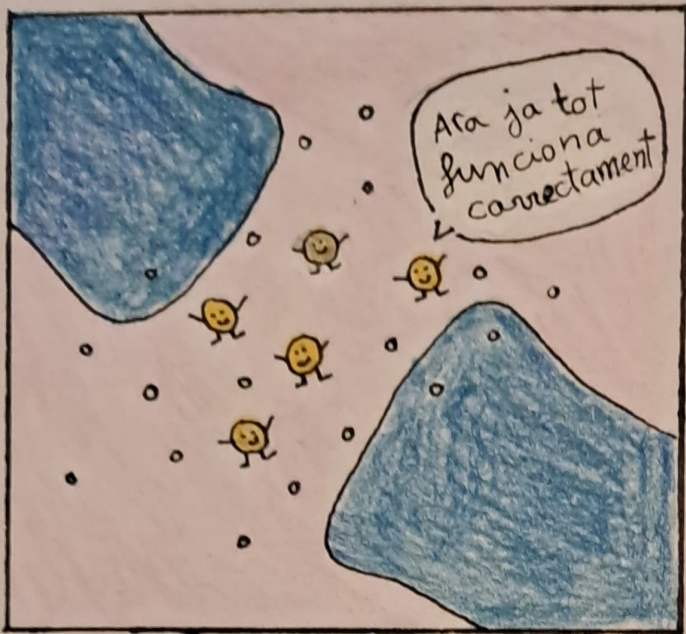

Els seus amics
li estom donant
un regal però
alguna cosa
no va bé...
